## Apfelschorle

### Ingredients:

- apple juice or apple cider
- carbonated or sparkling water or club soda (low sodium)

### Instructions:

1. Simple mix equal parts apple juice or cider and carbonated water in a tall glass.
2. Serve immediately and enjoy!

### Hints:

- Most people prefer the juice and carbonated water to be cold, so that the resulting drink is cold.
- You can also serve this at room temperature.
- Use other fruits instead of apple to make "Schorles" as other fruit juice recipes.
